**A brief description of your chapter and school including number of chapter members:**

The ABES ACM Student Chapter started its another branch as **ABES ACM-W Chapter under the umbrella of ACM-Delhi-NCR Chapter of the ACM , which was established in January 2016** to address the needs of the ABES-EC computing community by IT Department. Goal of the chapter is to create interest among the women for computer science apart from what they learn during the course work. The chapter organizes talks and workshops on different subjects by speakers who are well known in their area. These talks give women opportunities to learn about advanced research subjects. Apart from these, some non-technical activities are also organized.

**Events Organized by ABES ACM Student Chapter during past two years**

- ACM Chapter International workshop in **Sept 2016**
- School Connect Activity in **October 2016**
- Corporate Social Responsibility activity in **Jan 2017**.

**Number of students at your school who take computer science and related courses, and typical majors of your chapter members:**

Current ACM Members = 45

## **An Essay** **Community Service**

CSR or Corporate Social Responsibility is a very useful part of ABES ACM chapter, where our team is continuously in touch with society due to its moral and ethical nature. It motivates our chapter to return back to the society by providing education to children of unprivileged section in our society, our chapter thought that an education is a fundamental human right and is vital for achieving economic growth and sustaining a healthy society. ABES ACM Chapter CSR team has been contributed as an organization namely “**Help Us to Help the Child (HUHC)**” for imparting education to the children in slum areas, who do not have means to get the literacy benefits without going schools.

The ABES ACM Chapter CSR team is working under the motto of, “**Every child we encounter is a divine opportunity**”.

Many ACM Chapter volunteers have been working passionately to impart education to around **400 slum children**.

ABES ACM chapter CSR Team has three priority areas where we focus our attention on following education resources.

- Improving access to education
- Improving quality of education
- Improving governance and management of education

There are two key literacy centers:

- Pratap Vihar, Ghaziabad
- Saveri, Greater Noida

ABES EC has also opened a school **Kiran Shiksha Sansthan** in its campus. ACM Chapter CSR explores hovel areas of Ghaziabad for a week. The main agenda of this collaboration was to imbibe the spirit of being educated amongst the children so that they can secure their future.
