## Brief Introduction

This event was organized in Sukkur IBA to promote the skills development in the students of Sukkur IBA through exposing them to the technical dashboard and extensive competition environment. More than 130 delegates from different universities all across Pakistan participated in different competitions. Competitions included :

1. Hardware Exhibition (senior/junior category)
2. Mobile Software Exhibition
3. Desktop Software Exhibition
4. Circuit Design Challenge
5. Line Following Robot (LFR)
6. Speed Programing
7. Gaming

ACM Sukkur IBA Chapter has always put its best efforts to introduce new trends in the campus. This event was its evidence. It was first ever event organized locally, which hosted participants from 9 universities across Pakistan.
