The scope of the **ACM Special Interest Group on High Performance Computing (SIGHPC)** specialty is high performance computing in the broadest sense of the term – spanning the full range of high-performance technologies, systems, and applications. It embraces not only people who study, develop, teach, or support HPC, but also those engaged in applying HPC across a broad spectrum of scientific, engineering, and business domains.

The **Association for Computing Machinery (ACM)** is an educational and scientific computing society which works to advance computing as a science and a profession. Benefits include subscriptions to *Communications of the ACM*, *MemberNet*, *TechNews* and *CareerNews*, full and unlimited access to online courses and books, discounts on conferences and the option to subscribe to the ACM Digital Library.
