

## About the ACM Career and Job Center

The ACM Career and Job Center provides ACM professional members with the resources they need to advance their careers. These highly qualified software, hardware and IT professionals are the most sought-after candidates for industry employers looking to recruit top technology talent. The ACM Career and Job Center is also where engineering and computer science departments at many universities come to source candidates to enhance their faculty and research lab staff.

### Recruit the Most Qualified Candidates for Your Open Positions!

The ACM Career and Job Center provides an outlet for employers to promote their internship and co-op programs to ACM student members and recruit graduate student members eager to enter today's global job market.

Jobs posted on the ACM Career and Job Center appear online immediately – reaching a highly-targeted audience of computing professionals and students.

The Careers section of *Communications of the ACM* enables employers to reach passive job seekers and brand their organization as a great place to work. Classified line ads are accepted for positions wanted or offered.
