Awards:

Award

Description

Outstanding Service	Recognizes an individual who has given extraordinary service to ACM SIGGRAPH over a significant period of time, both in the trenches and in positions of responsibility and visibility. Given in even-numbered years.
Outstanding Doctoral Dissertation	The Doctoral Dissertation Award (launched in 2016) is awarded annually to recognize a recent doctoral candidate who has successfully defended and completed his or her Ph.D. dissertation in computer graphics and interactive techniques. This award recognizes young researchers who have already made a notable contribution very early during their doctoral study. The key criteria used to evaluate the nominations include technical depth, significance of the research contribution, potential impact on theory and practice, and quality of presentation. The award is presented each year at the SIGGRAPH Conference, and is accompanied by a plaque, complimentary full conference registration and travel to the award ceremony. Honorable Mention(s) may also be awarded.
Distinguished Artist Award for Lifetime Achievement in Digital Art	Honors an individual who has created a substantial and important body of work that significantly advances aesthetic content in the field of digital art. Given annually.
Steven Anson Coons	Honors an individual's lifetime contribution to computer graphics and interactive techniques. Given in odd-numbered years.
Computer Graphics Achievement	Recognizes an individual for outstanding achievement in computer graphics and interactive techniques. Given annually.
Significant New Researcher	Recognizes a recent, significant contribution to the field of computer graphics by a researcher new to the field. Given annually.

Viability Report Date	Result
March 21, 2016	postponed by SGB-EC pending new review process
March 16, 2012	Found viable
March 08, 2010	Found viable - return in 2 years. See note
February 10, 2006	Found viable
February 23, 2002	Found viable
August 07, 2001	Requested postponement to 2/02; approved by SGB EC.
August 01, 1997	Found viable.
August 01, 1993	Found viable.
August 01, 1989	Found viable.

Note: March 2010- The SGB EC is hopeful that the actions being taken by the SIGGRAPH leadership will stabilize SIGGRAPH finances and build the SIGGRAPH fund balance. Recognizing the serious nature of the SIGGRAPH financial issues, the SGB EC would like a written report sent to the large SIG Advisor in 1 year with an update on the plan outlined today and finds SIGGRAPH viable to continue its status for the next 2 years.
